4K TURRET CAMERA

SINGLE TURRET

DOUBLE TURRET

180° / 360° CAMERA

180° SINGLE CAMERA

360° DOUBLE CAMERA

PTZ CAMERA

Our 'Pan, Tilt and Zoom' camera provides the function to control the camera view from an app using your smart phone or tablet.

With all the quality features of our other cameras, it also has the capability to be panned 360° and tilted -15° - 90° all around the pole with 32× optical zoom and 16× digital zoom. Complete with a tandem camera above allowing you better vision and the flexibility to view any angle, for any detail, at any time.

Also featuring an expansive night view with up to 200m IR distance in PTZ channel and 30m white light in panoramic channel.

DETECTION & COVERAGE RANGE

SINGLE TURRET

For single site applications.
Provides coverage to both sides of a fence.

DOUBLE TURRET

Ideal in narrow walkways, site entrance gates and site offices,
when you need to monitor two different directions.

180° CAMERA

For large areas and along fence lines.

360° CAMERA

For sites that require all-round vision.

PTZ CAMERA

For stable positions to monitor yards
and construction site progress.

1 x 1.2m extension pole
1 x anti tamper lockable shipping container mount

TELESCOPIC

CONCRETE BASE
1 x 6m telescopic pole
1 x concrete base

**Not available in all locations*

CAMERA FEATURES

AI SMART MOTION DETECTION

Our AI motion detection technology helps focus on humans and vehicles. The device will only trigger an alarm when the preset intrusion type (human or vehicle) takes place. Videos related to the alarm events are then sorted into human and vehicle categories for easier footage searches.

PROGRAMMABLE TRIGGER ZONES

As each site has different conditions, 1300SiteCam can customize trigger detection zones to provide accurate detection of intrusion events.

COLORVU TECHNOLOGY

Enables cameras to produce colorful videos even in extremely dimly lit environments. It's large aperture provides vivid and colorful images even in low light, prevents reflections and loss of details caused by infrared lighting and over exposure.

ACCESSORIES & SERVICES

SOLAR OR 240V POWER OPTIONS

Speak to our experts to see what suits your site.

DATA PLAN

Data plan & configuration
p/month p/unit.

SECURITY MONITORING

1300SiteCam can provide
24/7 site monitoring.

TIME LAPSE

Photos are captured
(every 30mins) and merged
into a time lapse video.
